

10 REASONS TO CHOOSE DUNN-EDWARDS

Here's why our paint is the only one you should trust.

10 REASONS TO CHOOSE DUNN-EDWARDS

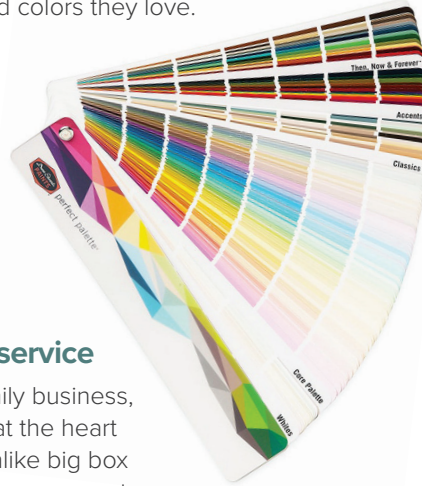

1. Quality backed by science

Protect your reputation with paint that has been tested and proven for quality assurance.

2. Designer colors

Our hand-selected colors and professional consultations ensure that your clients will find colors they love.

3. We love pros

When you choose Dunn-Edwards, you're in good company. Experienced architecture, design, and painting professionals consistently choose us because they know that serving professionals is our primary focus.

4. Greener by design®

Made in the world's first LEED® Gold-certified paint manufacturing plant in Phoenix, Arizona, our paints meet or exceed most environmental standards.

5. Superior service

Founded as a family business, relationships are at the heart of what we do. Unlike big box stores, we'll help you every step of the way.

6. Here for you

We've been around since 1925, and we're still growing. That means you can count on us project after project, year after year.

7. Beyond paint

We've got everything you need for your painting project, including supplies and equipment from trusted manufacturers.

8. Advice and inspiration

Our online library of how-to guides and tech bulletins provides guidance anytime you need it.

9. Order your way

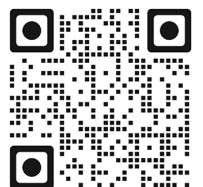

With options for in-store, online, and text ordering, you can beat traffic and finish your project on time.

10. Dedicated reps

Your dedicated account rep can help you with large orders, payment options, and branded tools for your business
